

# Loyalty2gether for Avaya CS1000 & Aura (CM)

## Program Overview

Previous generations and releases of Avaya solutions have offered millions of users the features and reliability demanded of modern communications solutions, but at the same time, market demands have moved forward, and many companies can clearly benefit from the latest in Mobile, UC and Omnichannel Customer Contact capabilities. With this in mind, Avaya is offering CS1000 and Aura (CM) users on earlier releases a variety of options through the enhanced **Loyalty2gether** program that will take their communications, collaboration and customer contact capabilities to a new level. The

foundation is Avaya's core communications platforms : Avaya Aura and Avaya IP Office, available in flexible cloud, premise and hybrid deployment models.

Variable by region and deployment model, Loyalty2gether includes a multi-faceted promotion that ranges from **highly discounted software licenses to Avaya Professional Services implementation credits, free phones, one year of free support and more**, for customers that upgrade from the CS1000 or upgrade Aura (CM) running an old version to Aura 7.

Terms and conditions apply.
