

Avaya Communication Manager Support & Maintenance

As an **Avaya** customer you have the right to the best support for your communication infrastructure. West Pier have been supporting & maintaining **Avaya Communication Manager** (Including its Definity predecessor) phone systems and Data Networks for 19 years which means not only do we have a wealth of knowledge regarding Avaya Communication Manager but we have a large stock of legacy systems hardware including spare parts should your phone system or data network require them.

Our highly experienced team of engineers support Avaya systems for AXA PPP, TUI Holidays, BMI and all 6 Royal Navy T45 Destroyers and have an impressive amount of Avaya/Industry training and accreditation between them so you can be sure of receiving the highest quality service. West Pier Telecom is one of only 4 resellers across the UK to be awarded a [Customer Excellence Award](#) by Avaya for consistently achieving above average feedback from customers.
