

3 ways solicitors can improve relationships with clients

West Pier Telecom are a leading UK provider of business telephone systems and specialise in the installation and maintenance of the [award-winning Avaya IP Office phone system](#) for solicitors.

We understand that fast and efficient communication is essential for solicitors, especially if you are looking to deliver a first class service and build long lasting relationships with your clients.

Through an Avaya IP Office phone system, you can improve the quality of your phone calls in 3 simple ways:

- 1. Receive office calls and voicemails on your mobile**
- 2. Record all phone calls in one place**
- 3. Instantly identify callers to your practice**
