

One year's FREE support and maintenance

West Pier Telecom offering Avaya IP Office users one year's free telephony support and maintenance*

In addition to this support and maintenance offer, we are also offering ISDN users the opportunity to upgrade to a SIP enabled version of IP Office with up to 15 free SIP licences worth £60 each*

Partner in customer Excellence

West Pier have once again been awarded the prestigious [Partner in Customer Excellence](#) accreditation by Avaya for consistently achieving significantly higher than average scores in customer satisfaction surveys conducted by an independent body. We received a score of 95%

There are only 4 partners across the UK who have achieved this [Customer Excellence Certification](#) so you can be assured of a great experience when dealing with West Pier Telecom.

Benefits of SIP Trunking

- Save up to 50% on line rentals and up to 80% on call costs.
- SIP includes free calls to 01,02,03, and 07 numbers.
- SIP trunks are inherently disaster recovery / business continuity ready.
- Free internal calls, get free internal calls within your organisation.
- Scale your telephone system up and down when you want with minimal effort.
